

**MEET THE NEW
STANDARD IN
LITE ARMOR.**

GH
ARMOR SYSTEMS

READY IS THE ONLY OPTION.

DESIGNED FOR THE NEW NIJ STANDARD. AND SO MUCH MORE.

The new NIJ 0101.06 standard is designed to do one thing—protect against an ever-increasing range of threats. The new **GH LITE X** vest provides the superior protection, increased trauma performance, reliability and durability required by the rigorous new standard. The **LITE X** passes all of the tougher tests including higher velocity, shot placement, immersion, environmental conditioning, and angle of incidence. What does this mean to you? A lightweight, comfortable, durable vests that protects like never before.

It also has many other advantages:

- Hybrid designs featuring Twaron, Goldflex and Kevlar Comfort XLT for greater comfort and flexibility
- Patented ProTect™ internal ballistic desiccant system for increased moisture management
- Poly-cotton carrier lined with Akwadyne® CoolMesh moisture wicking material for added comfort
- Water resistant ballistic panel cover with heat-sealed seams for extra protection
- Removable 5"x 8" soft trauma plate for added configurability

- Combination 4-point and 6-point fastening system for maximum adjustability
- Available in Male & Female styles

• **OPTIONAL EQUIPMENT:**
